SECONDARY PLAN STUDY UNDERWAY

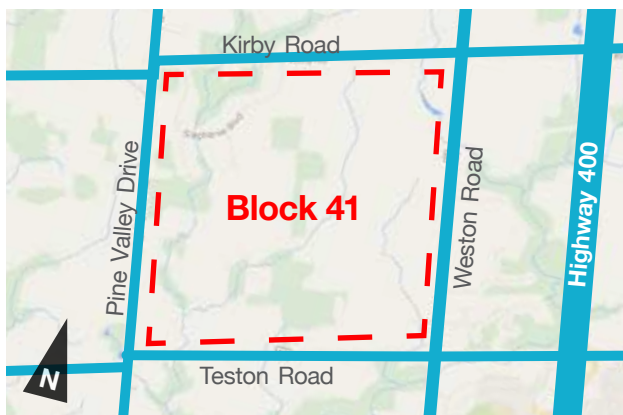

Planning Study Underway

The City of Vaughan has initiated a Secondary Plan Study for Block 41 which is a “New Community Area” under the City’s Official Plan.

Where is Block 41?

Block 41 is located west of Highway 400, between Kirby Road to the north and Teston Road to the south. The lands are bordered by Pine Valley Drive to the west and Weston Road to the east. Block 41 is 441 hectares.

What is a Secondary Plan Study?

The Secondary Plan Study will provide a framework for future development, with a mix of housing types, places of employment, a community core for local retail and community facilities, and a beautiful system of parks and open space.

The Secondary Plan will include a number of supporting studies to provide an in-depth analysis to inform the policies and plans.

The Secondary Plan is being completed in 5 phases:

Phase 1	Project Initiation	Jan-Feb 2015
Phase 2	Background Analysis and Visioning	Jan-Jun 2015
Phase 3	Foundation Studies	Apr-Sept 2015
Phase 4	Emerging Land Use Concept Report and Supporting Analysis	July-Nov 2015
Phase 5	Draft Secondary Plan	Dec-Nov 2016
