

Urgent Watermain Replacement Project

RIVIERA DRIVE AND SOUTHERN HILLS ROAD | NEWSLETTER #1 | NOVEMBER 2023

Dear resident,

In response to past watermain breaks on Riviera Drive and Southern Hills Road, the City of Vaughan is undertaking urgent watermain replacements, followed by road rehabilitation work, in these locations.

Construction timeline and scope

Construction on Riviera Drive is underway and will continue throughout the winter months. Watermain work on Southern Hills Road will begin in spring 2024. Road rehabilitation and final restoration in both locations will commence in late spring 2024, and will be completed by summer 2024.

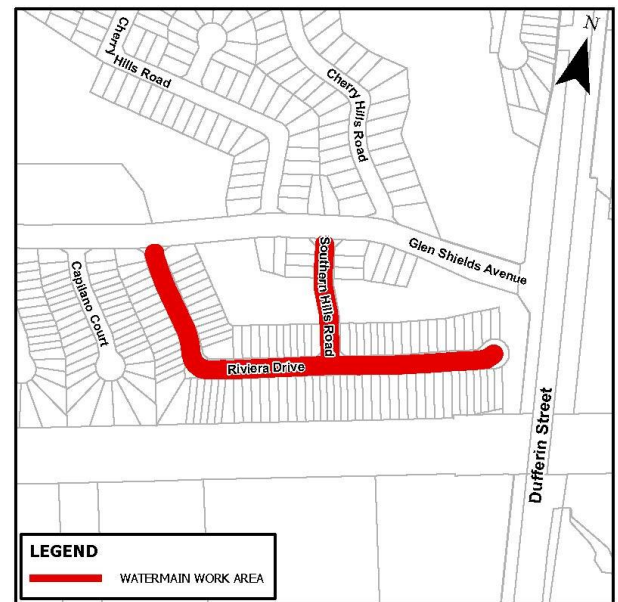

These enhancements will ensure the long-term sustainability of municipal infrastructure so that it can continue to support Vaughan's growing communities.

Impacts

Riviera Drive and Southern Hills Road will remain open to vehicular and pedestrian traffic during construction.

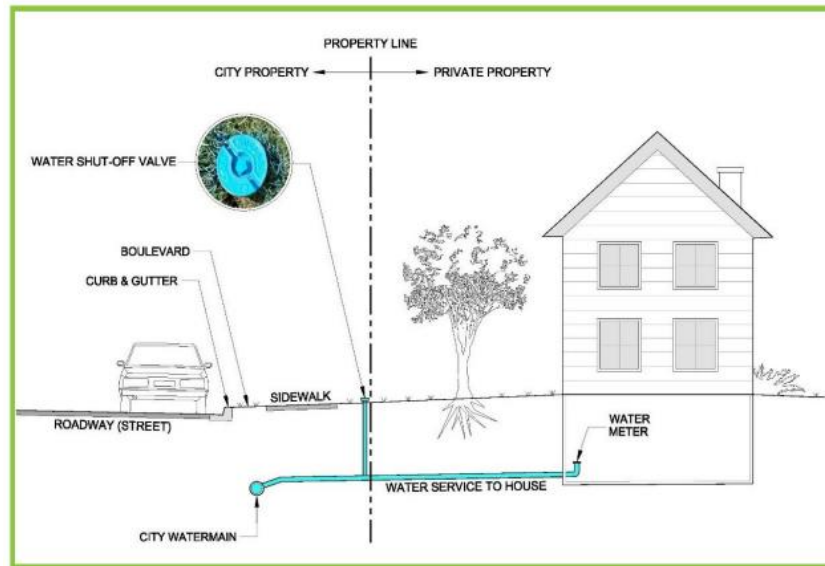

Temporary lane restrictions will be required to allow construction activities to proceed safely and efficiently. Disruptions will be communicated in advance.

Access to residential driveways may be impacted at times during the watermain replacement and associated road restoration works. Notice will be communicated in advance. Temporary disruption of water service will be required as part of the project. Additional notices will be circulated at least 48 hours in advance to all impacted residents to advise of any service interruptions.

Property owners are reminded that underground systems, such as lawn sprinklers, heated driveways, electrical conduits, landscaping and more, within City-owned boulevards or property limits may be impacted by construction. **Removing privately owned underground systems in advance of construction, at the owner's expense, is recommended. The City is not responsible for any damages that may occur during construction to privately owned items within City property limits (Encroachment By-law No. 034-2017).**

In advance of any planned work on private property, property owners are asked to contact the City to facilitate co-ordination.
