

Welcome!

... and thank you for attending today's Public Open House

The City of Vaughan is embarking on a planning process to develop the Vaughan Mills Centre Secondary Plan. Vaughan Mills Centre has been identified as a major shopping area, tourist draw, and amenity for the city. The secondary plan will establish the context, planning framework, and policies that will guide development of the Vaughan Mills Centre Secondary Plan area to the 2031 planning horizon. It will be used by the City, the Region of York and various public agencies as the basis for planning and designing infrastructure, community facilities and services, and other public projects in the Vaughan Mills Centre area.

The purpose of this event is to provide the City and the project team with an opportunity to engage the public on the emerging directions and consultant team's findings to date, and to gather input for a Vision for Vaughan Mills Centre. Today's event is one of a number of exciting consultation events. We invite you to engage with the Project Team and to actively participate and contribute your ideas today, and throughout the process.

process and timeline

The process includes three phases involving a public engagement process, major tasks, and deliverables as outlined below.
