

# NOTICE OF PUBLIC INFORMATION CENTRE 2

## Weston 7 Transportation Master Plan

### THE STUDY

The City of Vaughan is undertaking the Weston 7 Transportation Master Plan (TMP) study for the Weston 7 Secondary Plan area, to develop a long-range transportation plan that accommodates many forms of transportation, including walking, cycling, transit and driving. Once complete, the TMP will recommend a transportation network and outline an implementation strategy for future projects that will address connectivity, growth, accessibility and mobility for all modes of transportation for the Weston 7 area.

### THE PROCESS

The study is being conducted in accordance with the requirements for Phases 1 and 2 of the Municipal Class Environmental Assessment (2023), which is an approved process under the *Ontario Environmental Assessment Act*.

Public consultation is a key component of the study process. Public Information Centre was held in November 2021 to introduce the study, provide information on the existing and future conditions and to collect feedback on identifying opportunities, challenges, and ideas for the future transportation vision of the Weston 7 Secondary Plan area.

### PUBLIC INFORMATION CENTRE 2

The second of two Public Information Centres is being held to provide a study update on the Weston 7 Transportation Master Plan. Information will be provided on proposed transportation solutions and preliminary preferred network. **You are encouraged to join and drop in to provide feedback on what's proposed and ask questions directly to the project team.** Here are the details:

- **When:** Wednesday, June 21, 2023
- **Time:** Anytime between 7 p.m. to 9 p.m.
- **Where:** Vaughan Studios and Event Space, located in the Vaughan Metropolitan Centre at 200 Apple Mill Rd., third floor

Can't attend in person? Materials will be available at [vaughan.ca/Weston7](http://vaughan.ca/Weston7) for comment until Wednesday, July 19, 2023.
